

eTrex Legend

- With the eTrex Legend, Garmin has loaded a full basemap of North and South America into one small unit.
- The Legend is also designed to provide precise GPS positioning using correction data obtained from the Wide Area Augmentation System (WAAS).
- This product will provide position accuracy to less than three metres when receiving WAAS corrections.
- The eTrex Legend is also equipped with additional memory totalling eight megabytes.
- The eTrex Legend comes in a brightly-coloured translucent blue case that really makes the unit stand out.
